About 7k

Thank you for being part of the 7k Family! 7k is an online retailer of precious metals† based in Idaho Falls, Idaho. 7k offers physical gold and silver, numismatic (collectible) coins, jewelry, and other valuable collectibles to collectors and coin enthusiasts around the world.

7k's MISSION

Our goal is to give both the discerning collector and the average consumer easy access to precious metals and modern collectible coins at competitive prices.

Our mission is to empower a new generation of informed collectors with a convenient and affordable platform to purchase precious metals and collectibles, to acquire and preserve wealth, and to leave a legacy for their loved ones.

You are likely reading this document because you are interested in earning a little extra money‡ by becoming an independent 7k marketing Associate. If you are already a 7k Preferred Customer, there is no additional cost to become an Associate. If you'd rather build a 7k side business without also being a 7k customer, you can separately purchase an annual 7k Sales Center Only license. Either way, this 7k Share Plan outlines how you can leverage your passion for precious metals into an opportunity to supplement your income by referring cus-

tomers to 7k. You can also earn agency commissions by building a team of 7k Associates in your 7k Marketing Organization to accrue Points based on 7k's sales to the customers in your organization. The Share Plan rewards you for your efforts to lead, train, and help your team grow customer sales.

NOTE: Approximately 20% of 7k Preferred Customers (Members) apply to become 7k Associates, but the vast majority of Preferred Customers (Members) are not Associates and do not participate in the 7k Share Plan.

IMPORTANT LEGAL NOTICE:

IMPORTANT LEGAL NOTICE: This 7k Share Plan is part of the 7k Associate Agreement, which is a binding contract and your promise to actively share and promote 7k, follow all applicable laws, and honor the 7k Policies & Procedures. In return, 7k agrees to pay you commissions based on 7k's sales made to customers in your 7k Marketing Organization, as provided in this Share Plan. As a 7k Associate, you are an independent contractor and not an employee of 7k.

The 7k agreement also requires you to resolve all disputes through confidential, binding arbitration on an individual basis and not as part of a class, group, or as a private attorney general. As a 7k Associate, you also commit to avoid conflicts of interest and to not misuse 7k's intellectual property, proprietary information, and customer lists. 7k reserves the

right to amend this Share Plan, the 7k Associate Agreement, the 7k Policies & Procedures, and the 7k Privacy Policy at any time, in its sole discretion. Getting Started

7k makes it easy to stack gold and silver assets and share the 7k story. Buy only the coins and collectibles you want for your collection – no inventory required. Preferred customers can also earn free product by participating in 7k's Customer Referral Program, 7k Instant GoldPay™, and earn free gold every time you refer a friend who becomes a Preferred Customer.

If you are interested in making a little extra money, become an independent 7k Associate and earn when customers you refer make qualifying purchases directly from 7k (see How to Earn section below). 7k has two types of customers. Getting started is as easy as choosing the right option for you.¹

01.

GUEST CUSTOMERS (RETAIL)

Guest Customers are casual customers who purchase 7k products using a unique affiliate link shared with them by a 7k Associate. Guest Customers pay retail prices and miss out on Preferred Customer Benefits.

02.

PREFERRED CUSTOMERS (MEMBERS)

Preferred Customers have three options for access, depending on individual needs and budget. All three options give Preferred Customers (members) the option to earn free gold as a part of 7k's Customer Referral Program, 7k Instant GoldPay™ (see plan for details), in addition there are other ways to earn precious metals through our customer loyalty rewards program.

Prices vary and specific offerings may not be available in every country, state, or province. Please visit <https://www.7kmetals.com/> for current pricing and the options available in your market.

The Basic option also includes limited private vault storage at VaultMax™ for your soundmoney® purchases.°

Subject to an annual renewal, VIP customers get all the perks of the Basic option, plus premium access to Stack & Sell® with unlimited graded coin tracking, along with increased vault storage with VaultMax™ for your soundmoney® purchases!°

LEGACY CUSTOMER ACCESS

The Legacy Customer option includes everything in the other access options, while giving serious collectors and loyal customers the best value with no annual renewal. I Those not interested in becoming a 7k Preferred Customer can still participate in the 7k Share Plan by purchasing the Sales Center Only License, but they do not get any of the Preferred Customer benefits. (See Sales Center License section below). ° Subject to eligibility requirements. Standard transaction, currency exchange, storage, disbursement and dormancy fees may apply. See the terms and conditions of the soundmoney User Agreement at <https://sound.money/> for more information.

Preferred Customers also receive special promotional offers from time-to-time.

Where available and while supplies last, the Basic Customer Option includes a silver coin, round, or bar; the VIP Customer Option includes collectible silver, and the Legacy Option includes a collectible silver coin or gold note.

SALES CENTER LICENSE

For those only interested in participating in the 7k Share Plan (discussed below) without becoming a 7k Preferred Customer, 7k offers a separate Sales Center Only License, which gives access only to a 7k Sales Center, including a unique link to your own 7k Replicated Website and the ability to earn under the 7k Share Plan, but without any Preferred Customer benefits.

PLEASE NOTE: 7k waives the Sales Center License fee for Preferred Customers.

The 7k Sales Center License requires an annual renewal and payment of applicable license and technology service fees, which are not commissionable under the 7k Share Plan. The annual Sales Center License is not separately available in all markets and cost varies by market and can change from time to time depending on business needs and market conditions.

Visit www.7kmetals.com for the latest pricing.

NOTE: Consistent with the 7k Policies & Procedures, 7k Associates may be assessed monthly or annual service and technology fees, which may be offset or deducted against potential or earned commissions and assessed against your 7k Cash accounts receivable balance.

Participating in the 7k Share Plan

After acquiring a Sales Center license (waived for preferred customers), you can only become eligible to participate in the 7k Share Plan by separately:

1. Signing in to the 7k Back Office and digitally signing and submitting a completed 7k Associate Application and Agreement;
2. Providing 7k with a unique and valid Tax ID;
3. Satisfactorily completing required "Know Your Customer" due diligence ("KYC"); and
4. Refer two or more Preferred Customers to 7k who make a minimum qualifying purchase.

NOTE: 7k Preferred Customers (members) are customers and are not automatically participants in the 7k Share Plan. In some markets, local government licensing may also be required before participating or earning commissions. Consult your own attorney and local laws.

While you can start referring customers before completing all required application steps, potential commissions[‡] are placed on hold because you are not eligible to

earn commissions until you have submitted, and 7k has accepted your 7k Associate Agreement, verified your Tax ID, and reviewed your completed KYC due diligence.

IMPORTANT NOTE: Potential commissions lapse and are forfeited if you do not accept the Associate Agreement, provide a valid Tax ID, complete required KYC, and refer at least two Preferred Customers within 30 days of the commissionable activity.

7k does not sell inventory for resale and does not require any product purchases to participate in the 7k Share Plan. However, to remain active and continue earning Agency commissions (see Associate Agency Commissions section below), you must have and maintain at least two active, personal Preferred Customers and generate at least fifteen Personal Volume Points ("PV") each month.

PV can be generated by Guest Customer purchases on your 7k Replicated Website, or by your personal purchases made directly from 7k for your own collection. 7k reserves the right to cancel or suspend your 7k Associate Agreement due to inactivity, as provided in the 7k Associate Policies

& Procedures, including if you:

- Fail to personally generate at least fifteen (15) PV (or retail volume) or fail to refer at least one new Preferred Customer for three (3) consecutive months,
- Do not earn a commission for six (6) consecutive months,
- Fail to pay the annual Sales Center Only license fee (if not a Preferred Customer) or do not maintain an active 7k Preferred Customer account;
- Fail to pay any required technology or service fees when due for three (3) consecutive months.

NOTE: Don't worry. Cancellation of your Associate Agreement does not affect your Preferred Customer status or Customer Account.

Once your 7k Associate application is submitted and accepted by 7k, you can start earning when the customers you refer make qualifying purchases. There are two ways to earn: (1) Direct (Retail) Sales through your replicated 7k Website, and (2) Agency commissions generated by Points from Preferred Customer sales.

HOW TO EARN

1 DIRECT (RETAIL) COMMISSIONS

The simplest way to earn under the 7k Share plan is by sharing the unique link to your 7k Replicated Website with others. Anytime a Guest Customer makes a purchase directly from 7k using your 7k Replicated Website (a “Retail Sale”), you earn a Direct Commission, sometimes referred to as an “E-Commerce Sales Commission” or “Retail Sales Commission.” The Direct Affiliate Commission rate varies by product and is only paid to you for your personal, guest customers (single level) who purchase through your 7k Replicated Website.

NOTE: Guest Customers access many of 7k’s product offerings through your 7k Replicated Website, but they may pay higher prices and typically do not get access to exclusive 7k offerings. They also miss out on the amazing 7k Preferred Customer benefits, such as discounted pricing, 7k AutoSaver™, 7k Coin Drops™, 7k Bullion, 7k Buyer/Collector Certification, Stack & Sell®, soundmoney®, 7k Advantage, 7k Protect (where available), and private vault storage credits from VaultMax™. Some customer benefits or functionalities may not be available in every country, state, or province. Please visit www.7kmetals.com for current pricing and the options available in your market.

2 PREFERRED CUSTOMER ACQUISITION

You also earn when you personally refer a new Preferred Customer who purchases a qualifying Basic, VIP, or Legacy customer option. You accrue New Customer Points on each sale of a new customer option referred by you, by your Preferred Customers, and by your personally enrolled Associates through five generations among your active Personal Enroller Group. You can grow your 7k Marketing Organization by personally referring new Preferred Customers, or helping your Preferred Customers become 7k Associates by making their own customer referrals. New Customer Points translate into agency commissions based on your ongoing efforts to find and refer new Preferred Customers and grow sales.

3 ASSOCIATE AGENCY COMMISSIONS

The real earning potential[‡] comes with qualifying product purchases made by customers in your 7k Marketing Organization. You accrue Product Points for qualifying purchases made within either Team, by anyone in your 7k Marketing Organization, regardless of who their sponsor is. Product Points also translate into agency commissions based on your ongoing efforts to lead, train, and help your team grow sales.

Earn Points on Preferred Customer Purchases

You accumulate Points when

- 01.** You or anyone on your team, within 5 levels in your active enrollment genealogy, refers a new Preferred Customer who purchases Basic, VIP, or a Legacy Customer access ("New Customer Points");

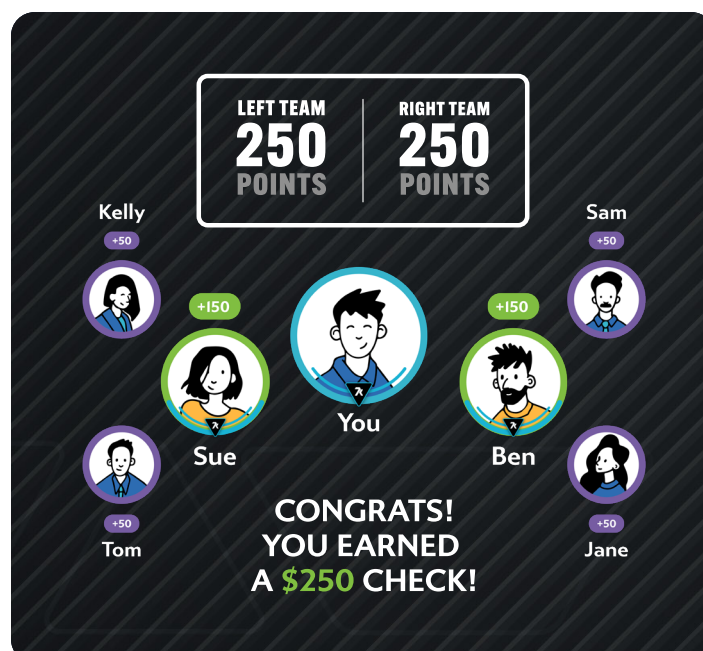

- 02.** A Preferred Customer in your 7k Marketing Organization purchases select 7k products that carry Points, such as jewelry and collectible coins, including the 7k AutoSaver™ coins ("Product Points"). Products that generate Points are clearly marked in the shopping cart* and when you, or anyone in your 7k Marketing Organization purchases these commissionable products, you earn Points.

**Pricing and Points may vary by country, state, or province and can fluctuate based on legal requirements and market conditions. Please visit www.7kmetals.com for current pricing and Points in your market. Some products offered by 7k do not carry Points and are non-commissionable. You cannot earn Points for recruiting other 7k Associates.*

Associates can accumulate Points as long as your account remains active and until you accumulate enough Points to "cycle." An earnings "cycle" occurs when your left team and right team have each accumulated the minimum cycle Points required by a commission payout date. For Max Pay up to \$12,500, Regular Cycles require 500 Points on both your Left and Right Teams (see below). For max pay levels above Presidential Gold, payouts occur on a total Volume Cycle at the max payout for each Achievement Level. To get you started, 7k pays your Starter Cycle when you accrue at least 250 Points (but below 500) on both your Left and Right Teams.

Points attributable to the purchase of your own Preferred Customer Option do not count towards your accrued Points. However, Points from the commissionable products you purchase do accumulate to your lesser Team point totals, meaning that you earn Points when you buy a 7k AutoSaver™ jewelry, or any other item that carries Points. If both Teams are equal, then your Points from your purchase will be added to your left Team (i.e., they cannot be split).

Understanding Commission “Cycles”

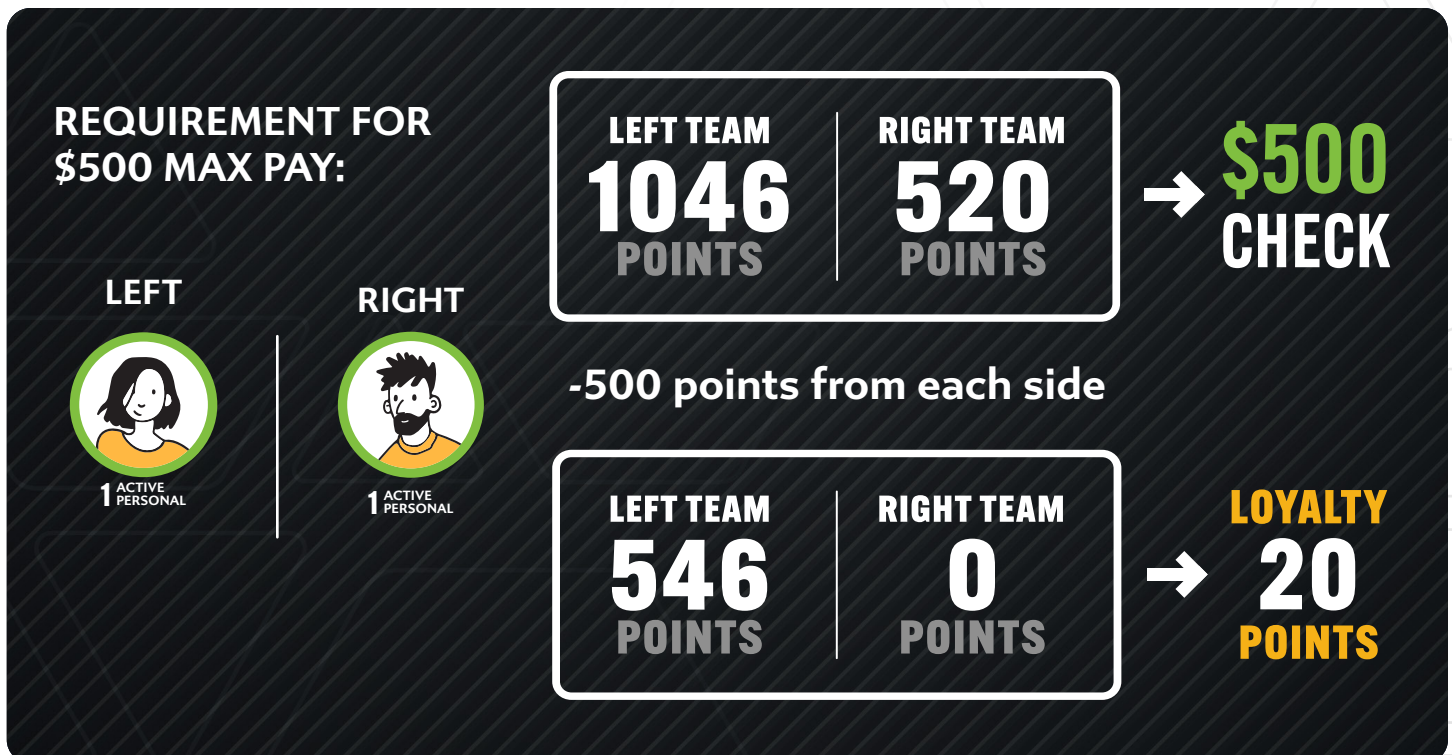

When your accumulated Points reach at least the Minimum Cycle Points on both your Left and Right Teams, you earn a “Cycle”. Upon cycling, the Minimum Cycle Points are: (1) deducted from each Team’s accumulated Points, (2) converted to a Cycle Payout, (3) accrued in your 7k Cash accounts receivable (available in the 7k Back Office) as potential or earned commission, (4) and are held subject to a 6-day audit period. Cycle Payouts accrue and are held in your 7k Cash accounts receivable until you request a physical check or ACH disbursement by having linked your 7k Cash account to your bank account (e.g.,

through Payquicker, Finicity, or other methods offered by 7k).

On a Cycle commission payout date, you can earn as many cycles as you have Points accumulated in your smallest volume team, up to your current Max Pay (see below). The Team with the smallest point volume is sometimes referred to as your “lesser leg” or “pay leg.” The larger Team is sometimes referred to as your “strong leg” or “non-pay leg”.

After Cycling, if you remain Active and in good standing, any Points in your strong leg roll over and continue to accrue, while

any remaining Points in the lesser leg not Cycling (“non-Cycling Points”) (up to the maximum Max Pay Points) are converted to Loyalty Reward points (if you are also a Preferred Customer), resetting the pay leg to zero Points. That is, after Cycling Points are deducted from both Teams, remaining Points in your strong leg carry over, the non-Cycling Points in the lesser leg convert to Loyalty Reward points and the lesser leg resets to zero. After achieving a Max Payout in a single period, excess Points reset and do not convert to Loyalty Rewards for that period.

NOTE: Disbursements of earned commissions may be subject to applicable fees, including those charged by your bank or third-party processors. 7k deducts a \$5 USD processing fee for each direct ACH or physical check 7k processes. If you are a Preferred Customer, you can use your accrued 7k Cash accounts receivable balance to pay for your own personal 7k purchases. 7k reserves the right to push earned commissions to you via any available method of payment if your accrued 7k Cash accounts receivable exceeds \$2,000 USD and to assess and deduct monthly dormancy fees for balances held if you become Inactive. 7K Cash balances are held in 7k’s custodial bank account and are **not separately fdic insured**.

Loyalty Reward Points & Leadership Rollover Perks

LOYALTY REWARD POINTS

For Associates who are also Preferred Customers, not only can your non-Cycling Points convert to Loyalty Reward points, but you also earn additional Loyalty Reward points by maintaining an active 7k AutoSaver™ subscription or each time you refer a new Preferred Customer. Loyalty Reward points can be redeemed for selected collectible coins shown in the 7k Loyalty Shopping Cart on the 7k Website. Loyalty Reward points are non-transferrable, not redeemable for cash, and expire and are forfeited when you become inactive, cancel your AutoSaver™ subscription, and when your 7k Account is cancelled, suspended, or terminated for any reason. Redeemed Loyalty Rewards products ship with your next AutoSaver as a bundled shipment. Loyalty Reward points are only available to Preferred Customers, and not for Associates purchasing the Sales Center Only License.

LEADERSHIP ROLLOVER PERK

For each week in which you demonstrated leadership by personally enrolling a new Preferred Customer, you earn the New Customer Rollover Perk (sometimes referred to as Leadership Status). With Leadership Status, instead of converting to Loyalty Reward points, the non-Cycling Points up to your maximum Max Pay in your pay leg are retained in your lesser leg and carried forward for the next weekly Cycle. Leadership Status is not transferable, not redeemable for cash, expires weekly, and may be modified or discontinued by 7k at any time and for any reason.

The Commission Cycle Process

7k currently pays commissions weekly, at the end of each week on Saturday, on or around 11:59 PM Mountain Time.

*Depending on your Max Pay, your Points can accumulate and earn up to a maximum of 25 Cycles per week at \$500 USD per Cycle, which means you can earn up to \$12,500 USD per week. ‡For Achievement Levels above 25 commissions cycles, or \$12,500 USD, cycles are paid at only the Max Payout volumes when all criteria are met for the specific Max Pay specified further below. At the time of each Commission Cycle, 7k's proprietary Commission Engine software takes the following actions:

01.

The Commission Engine calculates the number of cycles you achieved. The Starter Cycle is earned when you accrue at least 250 Points on each Team, but less than 500 Points. A Regular Cycle starts once you have accrued at least 500 Points on each Team. For example, if you accrue 250 Points on each team, you have earned only the Starter Cycle of \$250. If you achieve 500 Points on each Team, you have earned one Regular Cycle of \$500. If you achieve 750 Points on each Team, you have earned one Regular Cycle of \$500. If you achieve 1,250 Points on each Team, you have earned two Regular Cycles of \$500 each, and so on.

02.

The Commission Engine then verifies your Max Pay after considering the number of your active, personally enrolled Preferred Customers ("Personals"), the Group Growth factor within five active levels in your Personal Enroller Group, and the aggregate Sales Volume for your entire 7k Marketing Organization. Your eligibility and maximum weekly commission are determined by your Max Pay, as provided further below.

03.

For each cycle that occurs, the Minimum Cycle Points are deducted from each side of your team. So, if you earned only the Starter Cycle, 250 Points are deducted from each side. If you earned a Regular Cycle by having at least 500 Points on each Team, then 500 Points are deducted from each Team. If you earned two Regular Cycles by having at least 1,000 Points on each Team, then 1,000 Points are deducted from each side of your 7k Marketing Organization. Points are deducted and "Cycle" at all Regular Cycles EVEN IF YOU DO NOT OTHERWISE QUALIFY for the commission (e.g., due to your Max Pay).

Until you earn at least the First Cycle of 250 Points on each Team, your non-Cycling Points in both legs will rollover and remain until you achieve either the First Cycle or a full Regular Cycle, provided you are Active and in good standing.

IF YOU FAIL TO MAINTAIN ACTIVE STATUS OR DO NOT ACHIEVE AT LEAST ONE CYCLE EVERY SIX (6) MONTHS, YOUR ASSOCIATE ACCOUNT MAY BE DEEMED INACTIVE, YOUR 7K ASSOCIATE AGREEMENT MAY BE CANCELLED OR SUSPENDED, AND ANY ACCRUED POINTS (INCLUDING LOYALTY REWARD POINTS) WILL BE FORFEITED AND IMMEDIATELY EXPIRE.

After becoming an Associate, to continue to qualify for commissions, you must remain active and in good standing, maintain at least two personally enrolled Preferred Customers (one on each Team), and have a current Achievement Level of at least "Associate." You can maintain active status by generating at least 15 PV every 36 days, which can be achieved through Guest Customers purchases made on your 7k Replicated Website, by personally referring a new Preferred Customer, or by your personal purchases made directly from 7k for your own collection, including personally participating in the 7k AutoSaver™ Program.

** 7k disclaims all liability for any damages, lost profits, consequential damages, or any other losses, fees, or expenses resulting from any delay in the payment of commissions. 7k reserves the right to change the day, time, and/or frequency of its commission payouts at any time for any convenience or any business reason.*

1. WHAT IS A CYCLE?

For every 500 points achieved weekly on both your left and right teams, you could earn \$500.

To get you started, we will payout \$250 through a Starter Cycle of 250 points, if you're not able to hit that first 500.

Depending on the size of your organization and **the requirements you've met**, you could earn multiple Regular Cycles within one week.

HOW DO I EARN POINTS?

- +20 Basic

Recurring Sales from your Team

- +15-20 AutoSaver Sales

UNDERSTANDING CYCLE POINTS

After cycles are calculated, equal points are reduced in each leg for payments. Points remaining in the strong leg are maintained and continually carry over. Points in the lesser leg reset to zero after any weekly cycle(s) are achieved. Inside of a week, if you refer a new preferred customer, we allow points to roll over from the lesser leg into the next pay period.

LOYALTY POINTS

Business Builders and Preferred Customers may use these to claim selected products. Starting at \$500 max pay, points in your lesser leg that are under your max pay potential, but fall between cycles, convert to loyalty points. You will earn 50 Points by Onboarding a New Customer, 30 Points for each of your own AutoSaver orders, and new customers receive 100 points for choosing an AutoSaver for the first time.

2. WHAT ARE THE REQUIREMENTS

"Active Personal Customers" are people you brought into the organization.

"Personal Group Growth" are the new members added to your personal enrollment group (by any of your personals, in a 4-week rolling period) within **5 active levels** from you.
